After winning his fifth Grand Prix in Monaco last week, Jenson Button is taking a well-earned break with his stunning girlfriend Jessica Michibata.

The Brawn racing ace, 29, and Jessica, 24, put on a passionate display in a hotel pool in Portofino, Italy yesterday.

Following his win in Monte Carlo on Sunday, Jenson is now preparing for the Turkish Grand Prix in Istanbul next weekend.

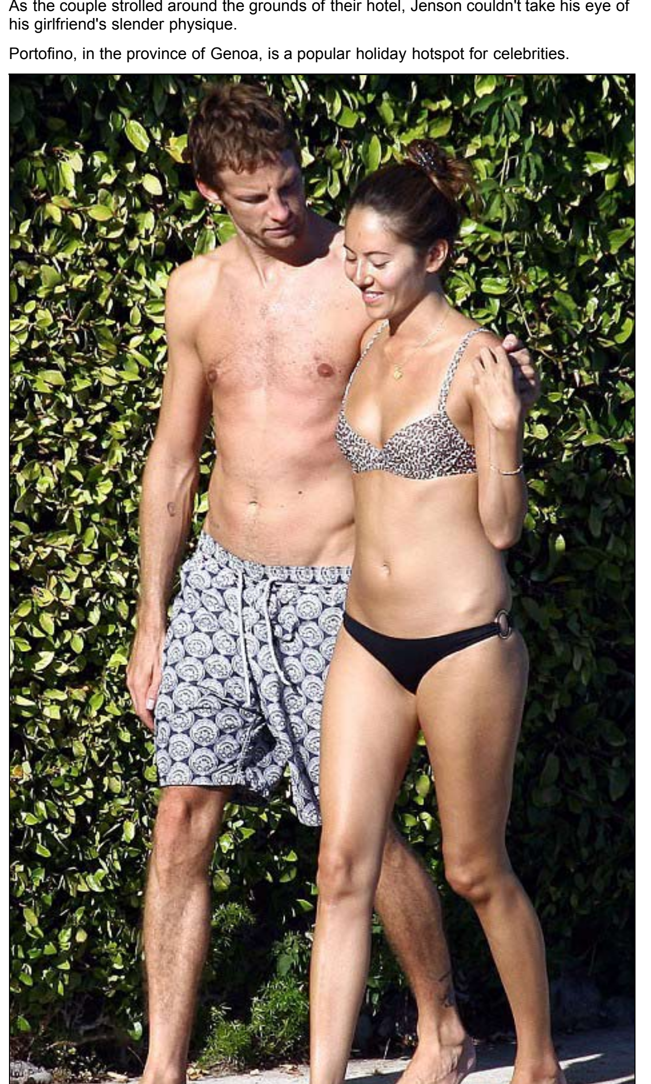
Love's young dream: Jenson Button can't take his eyes - or lips - off his girlfriend Jessica Michibata as they holiday in Portofino, Italy

But he's managed to squeeze in a few days holiday in the north west Italian seaside town.

The warm weather gave Jessica the chance to show off the fabulous figure which secured her many lingerie modelling deals as she opted for a leopard-print bikini top and black bottoms.

As the couple strolled around the grounds of their hotel, Jenson couldn't take his eye of his girlfriend's slender physique.

Portofino, in the province of Genoa, is a popular holiday hotspot for celebrities.



Slender: Jenson checks out his girlfriends lingerie model figure in a leopard print bikini top and black bottoms

Last summer, A-listers including Oprah Winfrey, Jennifer Lopez, Catherine Zeta-Jones, Michael Douglas, Bono, Cindy Crawford and George Clooney were also spotted relaxing in the small fishing village.

Throughout this season's campaign, Jenson has been supported by loyal Jessica, who has accompanied him to races in Australia, Malaysia and Bahrain.

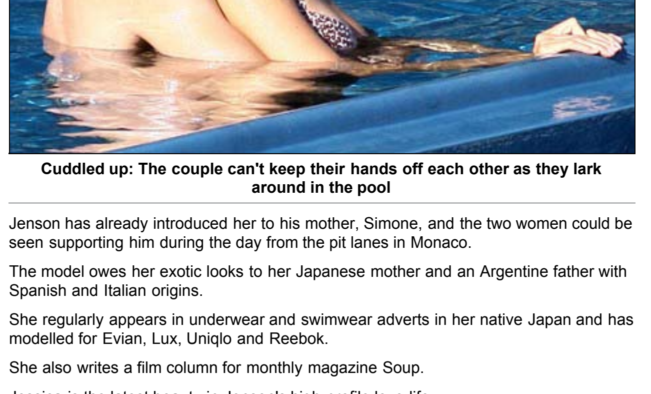
- Jenson Button takes his glamorous girlfriend Jessica Michibata to celebrate F1 victory at gala dinner

Following his win on Sunday, Jessica squeezed into a glamorous Herve Leger bandage dress and Christian Louboutin heels to join Jenson at the F1 gala dinner to celebrate his triumph.

The couple appeared to be getting serious since the started dating in January.



Cuddled up: The couple can't keep their hands off each other as they lark around in the pool

Jenson has already introduced her to his mother, Simone, and the two women could be seen supporting him during the day from the pit lanes in Monaco.

The model owes her exotic looks to her Japanese mother and an Argentine father with Spanish and Italian origins.

She regularly appears in underwear and swimwear adverts in her native Japan and has modelled for Evian, Lux, Uniqlo and Reebok.

She also writes a film column for monthly magazine Soup.

Jessica is the latest beauty in Jenson's high-profile love life.

He previously dated model Florence Brudenell-Bruce for 18 months before splitting in January last year.

He was engaged to Fame Academy contestant and actress Louise Griffiths before the ended their five year relationship in May 2005.

Loved up: The couple attended the F1 Gala Dinner in Monte Carlo on Sunday night after Jenson's win at the Monaco Grand Prix

Jenson .... do yourself a favour and shave off that awful excuse for a beard! It makes you look as if you've been dragged through a hedge backwards, and reduces your level of sartorial elegance to the nth degree!
On the other hand ... keep up the terrific work in F1 and I'll see you at Silverstone!

I expected a much better hottie than this one, just as his driving skills are...substandard, lucky for him the car is 2 seconds faster than the rivals.
